## Department of Architecture

Programme :B.Arch

### Students Feedback on Curricular Aspects

#### Feedback for action

Latest trends and developments in the field are covered.  
Nomenclature of site planning and surveying and Early Modern Architecture have to be changed  
Problem sheet for Architectural Design studio shall be choice based  
Recommended for choice of single electives

#### Action Taken

Considering the industrial demand and technological updates the following courses have been added in the curriculum & syllabus 2019 (Regulation 2019)  
i. XAR602D Architecture of South East Asia  
ii. XAR604A Glass in Architecture  
iii. XAR703D Steel in Architecture  
Nomenclature of Site planning and Surveying was changed as Surveying and Site planning in Regulation 2019  
Nomenclature of Early modern Architecture was changed as Contemporary Architecture in Regulation 2019  
Introduced choice based problem sheet like Real time project, Research based project, Learning from concept, Graphical representation of an Architect for Architectural design courses in the curriculum and syllabus (Regulation 2019).  
Choices of single electives has been streamlined based on the topics like design, structure, technology, construction in the curriculum and syllabus (Regulation 2019)

### Teachers Feedback on Curricular Aspects

#### Feedback for action

Head of the Department,  
Faculty of Architecture & Planning,  
Periyar Maniammai  
Institute of Science & Technology,  
(PMIST), Periyar Nagar, Vallam,  
Thanjavur-613 403, Tamilnadu.

### Alumni Feedback on Curricular Aspects

**Feedback for action**

Science, Humanities, Open Elective and Project provide basic knowledge and understanding.

Latest trends and developments in the field.

Syllabus enables lifelong learning

Alumni suggested industry needed software

**Action Taken**

Introduced open elective in the curriculum and syllabus - Regulation 2019.

Latest trends added in the core course (services) as well as elective courses (steel in Architecture and glass in architecture) in the curriculum and syllabus (Regulation 2019)

Added some more courses as core courses like working drawing, digital design and multimedia tool in Regulation 2015 Revision II

Introduced Industrial need software in the curriculum (Regulation 2019)

Programme :M.Arch.

## Department of Aerospace Engineering

Programme : B.Tech. Aerospace Engineering

### Students Feedback on Curricular Aspects

<b>Feedback for action</b>
----------------------------

Advanced updated electives are needed.
----------------------------------------

<b>Action Taken</b>
---------------------

Electives are modified according to the regulation 2018, Revision 1
---------------------------------------------------------------------

### Teachers Feedback on Curricular Aspects

<b>Feedback for action</b>
----------------------------

Curriculum to be updated every year.
--------------------------------------

<b>Action Taken</b>
---------------------

The curriculum was updated for Regulation 2018, Revision 1
------------------------------------------------------------

### Employers Feedback on Curricular Aspects

<b>Feedback for action</b>
----------------------------

Students want to learn more fundamental knowledge about research, technology, team work and management.
---------------------------------------------------------------------------------------------------------

<b>Action Taken</b>
---------------------

The students are motivated.
-----------------------------

## Department of Biotechnology

Programme : B.Tech. Biotechnology

### Students Feedback on Curricular Aspects

**Feedback for action**

Syllabus enables lifelong learning

The syllabus may have components that help in continuous learning and updation.

**Action Taken**

Recommendation for including recent trends and scope for continuous support has been made in the internal BOS.

### Teachers Feedback on Curricular Aspects

**Feedback for action**

Local problems and needs can be included in syllabus in elaborate manner.

**Action Taken**

Value added courses have been incorporated for improving job oriented skill of the students and to solve the problems of the local community.

### Employers Feedback on Curricular Aspects

**Feedback for action**

Latest trends and developments in the field are covered. (Coverage of modern/advanced topics)

Syllabus can be incorporated with advanced topics and recent trends in the life science field

**Action Taken**

Advanced topics and recent trends were included in the new curriculum.

### Alumni Feedback on Curricular Aspects

**Feedback for action**

Latest trends and developments in the field.

Advanced updated electives should be added to the syllabus

**Action Taken**

All courses are properly defined and provision has been made for including the current developments in life science research

  
Head  
Department of Biotechnology  
Periyar Maniammal Institute of Science and Technology  
PMIST (Deemed to be University)  
Vallam, Thiruvannamalai - 613403, Tamil Nadu

## Department of Civil Engineering

**Programme : B.Tech. Civil Engineering**

### **Students Feedback on Curricular Aspects**

<b>Feedback for action</b>
New Laboratory experiments has to be added in the Syllabus
<b>Action Taken</b>
New Laboratory experiments were added as per AICTE norms.

### **Teachers Feedback on Curricular Aspects**

<b>Feedback for action</b>
More weightage should be given for core papers.
<b>Action Taken</b>
It was considered in framing of curriculum and courses.

### **Employers Feedback on Curricular Aspects**

<b>Feedback for action</b>
Gives better employment opportunity Exposure to be given through professional bodies
<b>Action Taken</b>
Introduction of Courses connected with recent trends and Training programmes will fulfil the Employment opportunities Participation in the events organised by ISTE,IE and Geotechnical society of India.

### **Alumni Feedback on Curricular Aspects**

<b>Feedback for action</b>
Courses introduced fulfil the contemporary requirements and expectations to perform in the work environment.
<b>Action Taken</b>
Building Planning and Drawing course were replaced in the form of Computer Aided Civil Engineering Drawing.

**PROFESSOR & HEAD,**  
Department of Civil Engineering  
Periyar Maniammai Institute of Science & Technology,  
Periyar Nagar, Vallam, Thanjavur-613 403.

## Department of Electronics and Communication Engineering

Programme : B.Tech. ECE

### Students Feedback on Curricular Aspects

<b>Feedback for action</b>
Computer Programming related courses may be included.
<b>Action Taken</b>
Programming for Problem Solving course have been added in Regulation 2018

### Teachers Feedback on Curricular Aspects

<b>Feedback for action</b>
Smart Antenna should be included in Antennas and Wave Propagation.
<b>Action Taken</b>
The topic on Smart Antenna have been added in the course of Antennas and Wave Propagation

Vallam, Thanjavur - 613 403.

## Department of Electrical and Electronics Engineering

Programme : B.Tech. EEE

### Students Feedback on Curricular Aspects

**Feedback for action**

Additional short-term courses that are focused on Industry needs and initiate research can be offered

**Action Taken**

The curriculum has been revised to suit the requirements of both the industry and research.

### Teachers Feedback on Curricular Aspects

**Feedback for action**

One credit course that enhances the current requirements in the domain can be included.

**Action Taken**

List of experiments for courses such as Analog Electronics and Digital Electronics have been modified.

### Employers Feedback on Curricular Aspects

**Feedback for action**

Courses that reflect the current employability skills have to be included in the curriculum.

**Action Taken**

Recent advancements in the domain are reflected in the revised list of Electives

### Alumni Feedback on Curricular Aspects

**Feedback for action**

Courses that enhance communication skills and personality development can be offered.

**Action Taken**

Many Professional Elective Courses have been introduced to improve the employability skills of students

Head of the Department  
Dept. of Electrical & Electronics Engg.,  
Periyar Maniammai Institute of Science & Technology,  
Vallam, Thanjavur - 613 403.

## Department of Mechanical Engineering

Programme :B.Tech. Mechanical Engineering

### Students Feedback on Curricular Aspects

**Feedback for action**

Teaching is good and need to learn more things.

**Action Taken**

We are having centralized library with latest editions of the reference and core subject books. A student can use library books as much as he can after getting proper approval.

### Teachers Feedback on Curricular Aspects

**Feedback for action**

Separate the elective courses as per the design, manufacturing and thermal streams.

**Action Taken**

Elective subjects are divided as per design, manufacturing and thermal streams as per students choice.

### Employers Feedback on Curricular Aspects

**Feedback for action**

Electives offered covers the breadth and depth of the branch chosen  
Science, Humanities, Open Elective and Project provides basic knowledge and understanding.

LAB components are adequate and address all entry-level knowledge and/or skill development in the field (Applicability/relevance to real life situations)

Latest trends and developments in the field are covered. (Coverage of modern/advanced topics)

Syllabus enables lifelong learning

Gives Better Employment Opportunity

Follow the curriculum as per AICTE model curriculum.

**Action Taken**

Open electives and professional electives will be divided based on student's area of interest.

Basic science course and humanities science courses as well as project work has been given to students based on AICTE model curriculum.

Students will be given practical hands on training in all the labs in order to get familiar in technical know-how.

Advanced course topics have been added in curriculum based on Industrial expert's suggestions.

Students will be given some courses like Professional ethics and human values, Entrepreneurship development, Total Quality Management which gives them lifelong learning experience and enhance their morale towards working environment.

The Syllabus enables every student to getting employment opportunities in various Core areas as well as their desired fields.

Dr. D. JEYASIMMAN, M.E., Ph.D.  
Associate Professor & Head,  
Department of Mechanical Engineering,  
Periyar Maniammai Institute of  
Science & Technology,  
Tiruvavur - 611 003.

### Alumni Feedback on Curricular Aspects

**Feedback for action**

Courses introduced fulfill the contemporary requirements and expectations to perform in the work environment

LAB components are adequate and address all entry-level knowledge and/or skill development in the field.

Balance between theory (i.e., classroom) and practice (i.e., lab/shop/fieldwork) is neutral

Latest trends and developments in the field.

More skill based courses shall be added in the curriculum based on the industrial importance.

**Action Taken**

Students will be given freedom on selecting their core stream wise electives which they want to lead their future.

Skill development and Personality development trainings and courses have been given in the syllabus to enhance his working responsibility and morale in Industries.

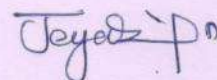

Lab components in Syllabus were revised in new curriculum 2018.

Last year- 10 new computer systems and ANSYS software were purchased.

As per New curriculum and syllabus 2018 - We have planned to update equipment and machinery in all labs. For the above reason, recently we have submitted Budget proposal for new Equipment - NBA Requirement.

The students will be given courses which are having both theory and practical lab trainings in the same semester to enhance his practical knowledge.

Latest trends and advancements in core areas have added in new curriculum 2018.

Dr. D. JEYASIMMAN, M.E., Ph.D.  
Associate Professor & Head,  
Department of Mechanical Engg.  
Periyar Maniammai Institute of  
Science & Technology,  
TIRUNJAVUR - 613 403.

## Department of Computer Science And Engineering

**Programme : B. Tech. Computer Science and Engineering**

### **Students Feedback on Curricular Aspects**

<b>Feedback for action</b>
Offered Core/Professional Electives covers the breadth and depth of the branch chosen
<b>Action Taken</b>
Python Programming, Machine Learning, Data Analytics, Fog Computing have been included as Professional Elective Courses.

### **Teachers Feedback on Curricular Aspects**

<b>Feedback for action</b>
Data Mining course must be taught after Database Management System course.
<b>Action Taken</b>
Data Mining Course has been changed to consecutive semester after studying Database Management System Course.

### **Alumni Feedback on Curricular Aspects**

<b>Feedback for action</b>
The curriculum and syllabus research components are helpful for the job offered.
<b>Action Taken</b>
Advanced concepts are included in the contents of the syllabus to promote the research activities.

  
**Head of The Department,**  
Department of Computer Science and Engineering,  
Periyar Maniammai Institute of Science and Technology,  
Periyar Nagar, Vellam-613403, Thanjavur,  
Tamil Nadu, India.

## Department of Computer Science And Application

**Programme :BCA**

### Students Feedback on Curricular Aspects

**Feedback for action**

More core elective courses to be offered

**Action Taken**

According to the suggestions given by the students, core elective courses are included as per norms of UGC

### Teachers Feedback on Curricular Aspects

**Feedback for action**

Latest trends and developments in the field.

**Action Taken**

Apart from the academic, in order to develop more knowledge in the recent trends we have included latest courses like, Python, IOT, Cloud Computing, Big Data, R Programming as value added courses

### Employers Feedback on Curricular Aspects

**Feedback for action**

Latest trends and developments in the field are covered. (Coverage of modern/advanced topics)

Gives better employment opportunity

**Action Taken**

Apart from the academic, in order to develop more knowledge in the recent trends we have included latest courses like, Python, IOT, Cloud Computing, Big Data, R Programming as value added courses

### Alumni Feedback on Curricular Aspects

## Department of Education

Programme :B.Sc.B.Ed.

### Students Feedback on Curricular Aspects

**Feedback for action**

Lab components are adequate and address all skills needed.

We want more library hours

**Action Taken**

Library timing is extended for self-study of student and more books are added in the Library.

### Teachers Feedback on Curricular Aspects

**Feedback for action**

Latest trends in the programme are covered.

IQAC should conduct FDP and board of studies to revamp the curriculum depends on social needs.

**Action Taken**

The department follows continuous review system on the curriculum with the help of Advisory Committee members.

Decided to conduct Faculty development programmes based on latest trends.

### Employers Feedback on Curricular Aspects

**Feedback for action**

Syllabus enables lifelong learning

**Action Taken**

The courses that motivate life-long learning are included in the curriculum.

  
Head, Department of Education,  
Periyar Maniammai Institute of Science & Technology,  
Vallam, Thanjavur - 613 403.

## Department of Management Studies

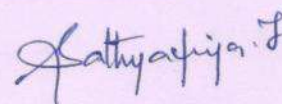

**Programme :BBA**

### **Students Feedback on Curricular Aspects**

<b>Feedback for action</b>
Open Electives offered are interesting and engages horizontal movement (Number of Elective courses should be increased) Latest trends and developments in the field are covered (Number of value added courses should be increased)
<b>Action Taken</b>
The number of elective courses was increased for BBA Regulation 2018. The number of value added courses were increased.

### **Teachers Feedback on Curricular Aspects**

<b>Feedback for action</b>
Nil
<b>Action Taken</b>
Nil

**DR. SATHYAPRIYA J**

Associate Professor & HOD  
Management Studies  
Periyar Maniammai Institute of Science & Technology  
Vallam - 613 403, Thanjavur (Dt).

**Programme :MBA**

**Students Feedback on Curricular Aspects**

**Feedback for action**

Latest trends and developments in the field are covered.  
(Student felt that course should be more industrial oriented)  
Lab components are adequate and address all skills needed.  
(Number of Hands-on-training should be increased)

**Action Taken**

Courses were reviewed during the Department Advisory Committee and Board of Studies meetings. Suggestions given by the industry experts were incorporated.  
The number of minor courses and value added courses were increased.

**Teachers Feedback on Curricular Aspects**

**Feedback for action**

Nil

**Action Taken**

Nil

**Employers Feedback on Curricular Aspects**

**Feedback for action**

Latest trends and developments in the field are covered. (Coverage of modern/advanced topics)  
(More industry oriented courses can be added.)

**Action Taken**

Courses were reviewed during the Department Advisory Committee and Board of Studies meetings. Suggestions given by the industry experts were incorporated.

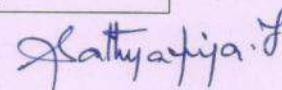

**Alumni Feedback on Curricular Aspects**

**Feedback for action**

Lab component are adequate and address all entry-level knowledge and/or skill development in the field  
Latest trends and developments in the field are covered

**Action Taken**

Lab Component is not a part of the MBA Curriculum. Usage of Laptop for data analysis and other research work using Wi-Fi in the campus has been encouraged for effective skill development of ICT.  
Based on the feedback from Alumni, and BoS members, recent management techniques and trends are incorporated in the MBA curriculum as per AICTE norms.

**DR. SATHYAPRIYA J**

Associate Professor & HOD  
Management Studies

Periyar Maniammai Institute of Science & Technology  
Vallam - 613 403, Thanjavur (Dt).

## Department of Mathematics

Programme :B.Sc. Mathematics

### Students Feedback on Curricular Aspects

**Feedback for action**

Latest trends and developments in the field are covered.

Students requested for basic courses that are useful to crack the competitive Examinations like CSIR and SET.

**Action Taken**

Considering the CSIR Syllabus few topics like Limit infimum and limit supremum can be included in the following course : XMT303 Real Analysis

In each course related topics are added.

### Teachers Feedback on Curricular Aspects

**Feedback for action**

Local needs, national needs and international needs are addressed in the curriculum and syllabus

**Action Taken**

Considering the CSIR Syllabus few topics like Uniform convergence, Chinese remainder theorem,

$\phi$ -functions can be included in the following course: XMT205 Sequences and Series

Professor & Head  
Department of Mathematics  
Periyar Maniammai  
Institute of Science & Technology  
Periyar Nagar, Vallam, Thanjavur-613 006

**Programme :M.Sc. Mathematics**

**Students Feedback on Curricular Aspects**

**Feedback for action**

The syllabus covers Science, Humanities, Discipline core, Discipline Elective, Open Elective, Project etc.

Students requested for basic courses that are useful to crack the competitive Examinations like CSIR and SET.

**Action Taken**

Considering the suggestion given by faculty some of the topics that can be learnt by the students themselves can be removed in the following course: YMA203 Differential Geometry.

In each course related topics are added.

**Teachers Feedback on Curricular Aspects**

**Feedback for action**

Latest trends and developments in the field.

YMA203 Differential Geometry syllabus can be minimized. There were suggestions on Theory-cum Lab syllabus.

**Action Taken**

Considering the CSIR Syllabus few preliminary topics like infimum and supremum included in the following course: YMA102 Analysis-I

As suggested by the experts YMA203 Differential Geometry course has been changed for 2019-2020 batch and a new course Integral equations, calculus of variations and transforms were introduced.
