Report / Summary / Key points discussed: The Department of Informatics, Periyar Maniammai Institute of Science & Technology (PMIST), successfully organized VISTAQuest-2K26 , an intercollegiate informatics and emerging technology challenge on 26th March 2026. The event brought together students, innovators, and academicians from various institutions to participate in technical competitions and knowledge-sharing sessions. A major highlight of the event was the keynote address delivered by Mr. Manjunatha A, Senior Data Scientist, Relanto Rvt Ltd., Bengaluru. In his keynote titled “Data to Intelligence: Building the Future with AI” , he emphasized how data is transforming from traditional dashboards into intelligent, decision-driven systems powered by Artificial Intelligence. He shared industry insights on real-world AI applications, the importance of data-driven decision-making, and future trends in intelligent systems. The session was highly interactive, where students engaged actively, showcasing their curiosity and enthusiasm for emerging technologies. The speaker appreciated the innovative ideas and energy of the participants, highlighting the promising future of technology and innovation in India. The Honorable Vice-Chancellor of PMIST also addressed the gathering, emphasizing the growing importance of Artificial Intelligence, AR/VR, and advanced technologies in shaping the future of education, research, and industry.		

The event featured multiple competitions such as PixelCraft, DataDetox, VizQuest, BotForge, and XRVerse, focusing on domains like web development, data science, AI, and immersive technologies.

Session 1 :Keynote address delivered by Mr. Manjunatha A, Senior Data Scientist, Relanto Rvt Ltd., Bengaluru, on “Data to Intelligence: Building the Future with AI”..

Honorable Vice-Chancellor of PMIST addressing the gathering on the growing importance of Artificial Intelligence, AR/VR, and advanced technologies in shaping the future of education, research, and industry.
