## PROGRAMME OVERVIEW

Political Science is the study about institutions that structure power and authority, practices and relations that constitute public life at local, national and international level. Political scientists interpret, explain and critically assess events, patterns and structures of politics and government and generate observations of relevance to policy makers, citizens and global communities.

The Political Science Department at PMIST is dedicated in promoting public administration by exclusive curriculum framed based on the Union Public Service Commission and Tamil Nadu Public Service Commission. Apart from enabling civil service aspirants to

achieve, it also promotes human rights and political participation.
