**WHEREAS:**

1. First party is Periyar Maniammal Institute of Science & Technology (Deemed to be University) inculcates the value of life beyond curriculum and explores the full potential of the student's creativity in conducive learning environment.
2. At Present, first party offers Seven Under graduate and Five post graduate programmes in Engineering & Technology.
3. First party believes that the most promising opportunities for discovery exist at the intersections of conventional disciplines, and creative emerging technologies which will evolve out of multidisciplinary exposure and partnerships. PMIST is committed to excellence in all its endeavors.
4. First party complements this with a sound academic base which enables our students to get a head start in an increasingly complex world, thus preparing them for the global challenges of tomorrow.
5. First party believes in partnerships between Industry, Government, and premier educational Institutions for a good exposure to students which may yield countless innovations.
6. Second Party , IPCS Global Solutions (Global View Automation and Technologies) IPCS Global (Global View Automation and Technologies) is a technology intensive company, delivering automation/ software services to enterprise customers whose in-depth understanding of clients' environments allows to build complete automation solutions, e-business branding solutions that revolve around corporate goals and marketing objectives.
7. Second Party operates with a primary objective of creating a robust technical education through its experience in industrial products and services. It is intended to bridge today's gap between industry requirements and technical education, and provide solution that makes technical institutes be more aligned with industry needs and make engineering graduate students, industry compliant / on par with industry expectations.
8. Second Party & First Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provides each of their resources, and provide each of them with enhanced opportunities.
9. Both Parties, being legal entities in themselves desire to sign this MoU for advancing their mutual interests.

The Department of Electronics and Communication Engineering organized Seminar on “Embedded Systems”. The main objective of the lecture is to give an exposure on design of Embedded system for various applications . Dr. C.Rajanandhini, AP/ECE gave the welcome address and Dr.C.Narmadha, Head of the Department gave felicitation address.

The Resource Person for this webinar was Mr.A.Sahaya Beski Project Engineer , IPCS Global Solutions (Global view Automation & Technologies, Trichy gave lecture about the Embedded system basic concepts . The seminar covered basic hardware and software concepts in the analysis and design of embedded systems, peripheral interfaces and performance analysis with hands-on design project. The resource person elaborately covered the real time application concepts. He gave information about Embedded system in IOT, The Students of First year of ECE of about 60 participated and got benefitted through this seminar. Finally, Mr.U.Saravannakumar AP/ ECE proposed the Vote of Thanks

MoU signed between PMIST and Twirltact Technology Solutions  
Coimbatore, Tamil Nadu.- Page 1

Focus of this partnering is to simplify the process involved in creating intellectual community at PMIST.

2. Collaboration ->

- The Parties agree that TwirlTact Technology Solutions Private Limited will jointly organize Seminar, Lecture and Symposium with PMIST for the benefit of students.
- The Parties agree that TwirlTact Technology Solutions Private Limited will jointly organize Technology and Personal Development Trainings with for the benefit of students of PMIST.
- The Parties agree that TwirlTact Technology Solutions Private Limited will jointly organize Faculty Development Program with PMIST for the benefit of faculty members.

3. Responsibilities of Periyar Maniammai Institute of Science & Technology (Deemed to be University):-

- PMIST will provide necessary space and other infrastructure facilities such as computers, printers, UPS, furniture & fixtures, supporting facilities, video and audio, etc.
- PMIST has the exclusive right to operate TwirlTact Technology Solutions Private Limited inside the college campus subject to the terms and conditions of this agreement.
- PMIST will ensure that each participating student has access to relevant hardware and software.

4. Responsibilities of TwirlTact Technology Solutions Private Limited:-

- TwirlTact Technology Solutions Private Limited will provide necessary resource persons and guidance for organizing Workshop, Value Added Course, Center of excellent (IoT), Seminar, Lectures, Symposium, Internship & Personal Development Trainings and Faculty Development Programs.
- TwirlTact Technology Solutions Private Limited will provide dedicated technical persons for handling Research Projects and Academic Research Activities.
- TwirlTact Technology Solutions Private Limited will provide the required support towards the conduct of continuous internal assessment and End Semester Examination as per the guidelines of the Controller of Examinations of PMIST.

(INSTE local chapter)

**Periyar Maniammal Institute of Science & Technology**  
[Deemed to be University]  
Periyar Nagar, Vellur, Thanjavur-615 403, Tamilnadu, India

**ABOUT PHIST**

Periyar Maniammal Institute of Science and Technology (PHIST) is dedicated to facilitate the creation of excellence with global perspectives in current technologies. It's service to the society has the cooperation intertwined with Periyar's ideal of social justice & the availability of open channel of opportunities in higher education belonging to every sector of the community without denial. As part of this ideal, we offer a common platform for researchers, academicians and experts to communicate their research activities and recent developments. Besides, we expect to explore the possibility of collaborative activities among the participants through the support (including governmental, organizational and self-initiative). To accomplish the above-stated objectives, we organize "International Conference on Smart Electronics & Communication Technologies" during 13th and 14th of March 2023. Post pandemic had pushed accelerated development of digital enabled workflow across the sectors such as health, logistics, education, travel, food delivery, etc. that are made possible via emerging smart electronics enabled services and IoT. These necessitates the employment of SD Private networks to handle IoT and other secured communications that demands research efforts from academicians and industries on the above which is one focus of Conference. Thus, the purpose of our invitation to institutions, researchers, industries and students to participate in this event to benefit mutually among themselves and to make the event successful and memorable.

**ABOUT THE DEPARTMENT**

The Department of Electronics and Communication Engineering (ECE) was started in October, 1988. It aims to produce quality professionals in Electronics and Communication Engineering to compete globally and excel by carrying out basic and applied research in emerging areas. The Department was accredited by National Board of Accreditation for the year 2016, 2019, 2021, and 2023 respectively. Main objective of the department is to be an innovative leading department in the domain of Electronics and Communication Engineering in promoting academic growth by offering B.E., M.E. and Ph.D. programs to augment the industrial and societal needs through cutting edge research activities. The primary focus of our curriculum is on imparting technical know-how to the students promoting their problem solving skills and innovation of new technologies. Along with B.Tech (ECE) and M.Tech (ECE), we are also offering B.Tech (ECC) - SCE with specialization in AI and ML and B.Tech (ECC) - SCE with specialization in Robotics and Industrial Automation.

**CONFERENCE TRACKS**

ICSECT-2023 solicits paper submission across 6 Tracks but not limited to

- Track 1: Signal Processing, Communication Technologies
- Track 2: Network, Hardware and Network Security
- Track 3: Electronics and Smart Grid Systems
- Track 4: Smart technologies, Internet of things, Robotics

**OBJECTIVES OF THE CONFERENCE**

Smart Electronics and Communication Technologies is essential and instrumental to realize in the today's context of technology driven world. In particular, these technologies leverage inherent innovative and creative opportunities to improve our quality of life. The increasing coverage of Electronics and Communication Technologies is driven by growth and to integrate, analyze, visualize and transform new novel engineering ideas. This International Conference on Smart Electronics and Communication Technologies (ICSECT 2023) organized on 13th & 14th, March 2023 by Periyar Maniammal Institute of Science & Technology, Vellur, Thanjavur is solely dedicated to create a remarkable platform for researchers, academicians and scholars to interact and exchange the research ideas and results to develop a 2021-effective and stable Smart Electronics and Communication Technology methods less existence.

**INSTRUCTIONS TO AUTHORS**

- All papers must be original and not simultaneously submitted to other journal or conference
- Papers should be submitted in standard IEEE format
- Maximum 3 authors are permitted in a paper, individual registration of each author is mandatory
- All papers must be in font size 10 - Times New Roman with line spacing of 1.5 and not more than 4 - 6 pages
- Single papers will be considered for publication in Springer Indexed journal, subject to Paperwall norms of the journal
- Other papers will be published in Conference Proceedings with ISSN number.

**WHEREAS:**

- a) First Party is a Higher Educational Institution named: **Periyar Maniammal Institute of Science & Technology (PMIST), Tamilnadu, India.**
- b) **M/S ZOHOTECH'S, Chennai, Tamilnadu, India** the Second Party to promote niche training to student and faculties in Latest Technologies needed for emerging technology industries.
- c) First Party & Second Party agree with each other for collaboration and co-operation between themselves which will promote more effective use of their resources; and provide enhanced opportunities.
- d) The Parties intent to cooperate and focus their efforts by providing quality training for all the students to enhance the knowledge and to get placement in the reputed organizations.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MoU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1 CO-OPERATION**

- 1.1 Both Parties are united by common interests and objectives, and they shall establish co-operation.
- 1.2 First Party and Second Party's co-operation will facilitate effective utilization of the intellectual capabilities.
- 1.3 The parties shall co-operate with each other and shall promptly execute the agreement.

**CLAUSE 2 SCOPE OF THE MoU**

- 2.1 Guest Lectures and Workshop: Second Party to extend the necessary support to deliver guest lectures and workshop to the students of the First Party's requirement.
- 2.2 Training: Second party will actively engage and provide the delivery of the training for all the students of the first party on the requirements of **Latest Technologies needed for Industry, Internship, Project Works and Placement.**
- 2.3 There is no financial commitment on both the parties to take up any program/activities mentioned in the scope of MoU/co-operation mentioned in this MoU. If there is any financial consideration, it will be dealt separately.
- 2.4 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required.

**MoU signed between PMIST and Zoho Tech's Training and placement Services -Page 2**

CLAUSE 3

VALIDITY

3.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms.

CLAUSE 4

RELATIONSHIP BETWEEN THE PARTIES

4.1 It is expressly agreed that First Party and Second Party are acting under this MoU as independent contractors, and the relationship established under this MoU shall not be construed as a partnership.

## Online Webinar on Innovative Technologies in Mechanical Industries

Date: 24.09.2022

### Report

Indian Society for Technical Education (ISTE) Local Chapter–PMIST, Department of Mechanical Engineering, and Institution Innovation Council (IIC)-PMIST jointly organized an online webinar on the topic <Innovative Technologies in Mechanical Industries=, on 24.09.2022 (Saturday). The session was held from 3:00 P.M. to 4:00 P.M. Totally 108 members (82 internal students & Faculty, Research Scholars, and 26 outside participants from various Institutions) participated in the event through online mode. Dr.D.Jeyasimman, ISTE Chair Person- local chapter–PMIST, welcomed the gathering and introduced the guest speaker Mr. N.V. Sharma, Sr. Manager, Development, High Energy Batteries Pvt. Ltd., Mathur, Trichy. The invited Guest delivered his lecture about the current technologies in industries and the development of Batteries in Industries. The participants interacted well and the webinar was quite useful. Mr.R.Udhayasankar, Asst. Prof./Mech. Engineering proposed vote of thanks.

### Memorandum of Understanding

This Memorandum of Understanding is drawn up and signed by Periyar Maniammai Institute of Science & Technology, Vallam, Thanjavur - 613403 (hereafter PMIST) and M/s CADD CENTRE, #4, 2nd Floor Nallaiyah Complex, 70, Seelarasam Pillai Road, Thanjavur - 613001, India (hereafter CADD CENTRE).

PMIST and CADD CENTRE agree to engage in academic cooperation in areas of mutual interest. The areas that might fall within this programme of cooperation will, where mutual benefits can be identified, include the following:

1. Exchange of information on research and education programmes
2. Joint proposals and engagement in research and training programmes sponsored by funding agencies
3. Mutual training programmes for faculty and industrial personnel
4. Placements of candidates with required qualifications and skill sets
5. Project works / Internships

Handwritten signature/initials.

M. Manikandan

With respect to the above, independent and detailed agreements will be drawn up and agreed by PMIST and CADD CENTRE. Vision, Data Science and Block Chain. The curriculum is designed by the experts, in line with industry requirements and global education.

WHEREAS PMIST is proud to be a unique institution of higher learning and academic excellence. In an endeavour to fulfil the dreams of our Mentor Thanthai Periyar and Annai Maniammai, the University is dedicated to its societal responsibility for transforming students from different parts of India and abroad into stalwarts by igniting their hidden talents. As it is located in a rural area, the students are admitted from a wide range of calibre and by personal attention, and modern teaching methodology towards a Product / Process / Demo / Case Study teaching, they are shaped into career-oriented professionals with bright future. The University is making efforts to create new horizons in the arena of technical education and research.

WHEREAS PMIST and PRAG are appreciating the need for creation of good reservoir of highly qualified manpower in multiple emerging technologies including but not limited to Robotics, Artificial Intelligence and Blockchain and hence mutually decided to get associated to utilize their resources, capabilities and skills for the betterment of the student community by enhancing their skills in the future technologies, thus maximize their employability opportunities, nurture research & innovation capabilities.

NOW, therefore, in consideration of the mutual covenants and obligations set forth herein below, both Parties have agreed to get into this MoU with the following terms & conditions:

**1. Main Objectives:**

- 1.1. **Centre of Excellence:** Establish a fully equipped Center of Excellence which will provide and facilitate the studies in the domains of Robotics, Artificial Intelligence and Block Chain. And conduct practical sessions for the academic subjects and carry out research and developmental activities.
- 1.2. **Skill Development Courses (Value Add Courses):** To teach a wide array of robotics from Mobile, Industrial and Autonomous robots, Artificial Intelligence, Machine Learning, Deep Learning, Computer Vision, Data Science and Block Chain.
- 1.3. **Minor Degree:** To support the college / university to offer their Minor Degree or Regular Degree, Prag will add industry supported curriculum and practical sessions to the academic syllabus, that will facilitate the students to understand the theoretical portion also effectively.

MoU signed between PMIST and Prag Robotics Private Limited,  
Chennai- Page2

- 1.4. **Faculty Development Program:** Prag will provide hands on coaching to faculties / professors to conduct these courses so to be independent. However, Prag will continue to be the knowledge partner and provide tech support and update on current technologies.
- 1.5. **Industry Readiness Program:** Self learning online courses in line with industry requirements, in both technical and nontechnical subjects which provide provides industry sought skills and knowledge and make the student industry ready.
- 1.6. **Internship Program** for deserving candidates based on set criterion.
- 1.7. **Expert committees/Technical Events:** Prag can be a member in Institution's BoS (Board of Studies) to provide insight about the emerging technologies and industry sought skills. On mutual consent of the Parties, workshops, conferences, seminars and competition for improving the skill level of students can be conducted.

## 2. Financials:

- 2.1. For each of the collaborative program, the procedural aspects, business model, program plan, process of execution, financial terms, fees, payment, and timelines will be discussed and mutually agreed for each such program.
- 2.2. PMIST shall issue a "work order" to Prag Robotics for each collaborative program which mentions the execution and payment purposes.

## 3. Key Responsibilities:

Responsibility of Prag is cited below:

- 3.1. Design, develop and deliver all the training programs including creating curriculum syllabus, program pedagogy; ensure the lab manual and study material are available digitally.
- 3.2. Procurement assistance, installation and maintenance of the lab equipment viz., robots, required software and simulation programs.
- 3.3. Deploy certified roboticists/faculties to deliver high standard training programs.
- 3.4. Conduct internal assessment by progressive evaluation method and external assessments by experts from appropriate industries.
- 3.5. Provide opportunities for industrial projects & internships to the eligible students of PMIST as per Prag selection criteria.

Responsibility of PMIST is cited below:

- 3.6. Provide Lab infrastructure including Robots, Computers, and other required equipment.
- 3.7. Shall ensure Prag Robotics as their exclusive service provider for conducting skill developmental programs in Robotics, Artificial Intelligence and Blockchain.
