Date	15.09.2022	Organized by	Periyar Maniammai Institute of Science & Technology

The Department of Electronics and Communication Engineering & Periyar Community Radio and NSS jointly organized a Program on World First Aid day. The main objective of the program is to give demo on some rescue techniques to future generation. Ms. Gracy. V, student of I Year / ECE gave the welcome address and Dr. C. Narmadha Asso Prof HOD/ECE introduced the guest to the students.

The resource person Mr. Thulasiduraimanikam, (Disaster Management), TamilNadu First Aid Trainer, Indian Red Cross Society show some rescue techniques lively like rescue people drowning in water, new ideas to lift handicapped people, first aid tips to the students.

The Students of Govt High School Pillayarpatti of 100 participated and 20 students of Periyar Maniammai Institute of Science and Technology, Vallam involved in this program as NSS volunteers and got benefitted through this programme.

DAY : 15.09.2022

Venue : Government High School, Pillayarpatti

Report of the programme.

Dr. A. Manohar, Associate Professor, Department of Chemistry delivered a lecture related to Water Quality Monitoring. He addressed that Water is one of the most important resources on earth. It's essential for everything from human health to plant growth, and it's a key part of the food chain. He also added that World Water Monitoring Day is an annual event that aims to raise awareness about the importance of water and its role in the global environment. Water samples were collected from various sources of the Institute. Physico-Chemical analysis were carried out by Civil Engineering Students. Bacteriological analysis were handled by the Students of Biotechnology Department

Dr. A. Manohar, Associate Professor, Department of Chemistry narrated the significance of water conservation and quality monitoring

Physico Chemical analysis were carried out by the students in Environmental Engineering Laboratory

Outcome of the programme

The programme also made the students to have a knowledge on improved water management, including better irrigation techniques and smarter wastewater management. The students analysed the water samples for Physico-Chemical and Biological properties.

Dr. A. Ashok Kumar , Associate Professor, Department of Biotechnology addressed the gathering about the significance of Ozone Layer Protection. He narrated that Ozone protects the Earth from harmful ultraviolet (UV) rays from the Sun. Without the Ozone layer in the atmosphere, life on Earth would be very difficult. He also added that when inhaled, ozone can damage the lungs. Relatively low amounts can cause chest pain, coughing, shortness of breath and throat irritation. Earth absorbs this radiation causes skin cancer and cataracts, the ozone layer plays an important role in protecting human health.

NATIONAL SCIENCE DAY 2023 REPORT

Departments of Physics, Chemistry, Mathematics and Education organized National Science Day 2023.

National Science Day is being celebrated to mark the discovery of the Raman Effect by Sir CV Raman on February 28, 1928. It is being celebrated every year to display all the activities, efforts and achievements in the field of Science for human welfare.

This year the Department of Science and Technology announced the theme for National Science Day as **Global Science for Global Wellbeing.**

In this regard various competitions such as Elocution, Pencil Sketch, Essay Writing (English / Tamil) were organized for School Children on 24.02.2023. Nearly 150 students from 12 Schools participated in the events.

On 28.02.2023, Idea Challenge, Science project and poster presentation were exhibited by UG and PG students at Multi-purpose Indoor Stadium. Mr.S.Mariya Dass, St.Xavier Middle School, Vallam and Our Hon'ble Vice-Chancellor Dr. S. Velusami inaugurated the project exhibition and appreciated all the students who participated in the event. Around 552 students participated and exhibited 87 projects & 40 posters. 700 School students from Thanjavur District visited the exhibit.

Dr.A. Palaniappan, Principal Scientist, Central Electrochemical Research Institute, Karaikudi presided over the valedictory function and delivered National Science Day Address. The Chief guest awarded the winners of various events organized for National Science Day.

The spirit of the students is highly appreciable and we congratulate all the participants for making this event a grand success.

Centre for Energy and Environment and Energy and Environment club celebrates the World Water Day on 22.03.2022 at Marie curie hall, TB-I Block from 10.00 am to 11.00 am. Students of First year from Aerospace Engineering, Civil Engineering, Mechanical Engineering and Electrical and Electronics Engineering attended the programme

The programme was coordinated by Dr.J.Santhosh AP (SG)/ Civil and Mr.C.M.Vivek AP (SS) / Mech. Dr.P.K.Srividhya, Registrar acted as resource and delivered the lecture on **GREY WATER, AN OPTION FOR THE SUSTAINABLE DEVELOPMENT OF WATER RESOURCES.**

Dr.J.Santhosh AP (SG)/ Civil welcomed the gathering and invited the resource person to deliver the special lecture. Dr.P.K.Srividhya, Registrar interacted with the students and stressed need for conserving the water. She also pointed out how individual conservation of water is very important and techniques involved for grey water for sustainable usage.

Mr.C.M.Vivek AP (SS) / Mech delivered the vote of thanks to conclude the programme.

Totally 60 students attended the water day celebration special lecture.

To celebrate world Heritage Day a visit to Keeladi Heritage Museum was arranged. 150 students visited the museum accompanied by 7 faculty members. The Keeladi Heritage Museum houses the artifacts from the archaeological excavations taken from the village of Keeladi, located in the southern Indian state of Tamil Nadu, since 2014.

The artifacts include beads, iron tools, terracotta figurines, expensive gold ornaments, copper articles, iron tool parts, flint pieces, round chips, flint earrings, glass and precious bell stones (agate, sapphire, crystal), earthenware shells, revolted pottery, old men's talismans, etc. These artifacts provided valuable insights into the life and culture of the people who lived in the area during the Sangam period.
