SEMESTER -I					
Subject Code	Subject Title	Category			
		L	T	P	CREDITS
YSW104	SOCIAL WORK WITH COMMUNITIES AND RADICAL SOCIAL WORK	4	0	0	4

PREAMBLE

This course ,community organization and social action as a method of Social Work practice, is seen as a means to facilitate communities towards self-directed change. It takes as its basis the inequalities in society manifested through processes of marginalization, discrimination or disempowerment of groups, which have resulted in the loss of control over resources, be they tangible or intangible. The strategies of Community Organization practice being addressed as part of the course cover a range spanning different ideologies, from those being people-initiated, and those that are initiated by the elite. Community organization is seen as a means as well as an end, where collective processes are to sustain the community's capacity to bring about change.

COURSE OBJECTIVES

- To understand the elements of community organization practice.
- To enhance knowledge on Historical development of the community organization and strategies for social action.
- To develop skills and techniques in dealing with the micro-macro connections between the range of complex issues in practice.
- To express attitudes conducive to participatory activities for civil society.

COURSE OUTCOME

CO1	Acquire basic knowledge on elements of community organization practice	Knowledge
CO2	Understand the concepts, different methods, programmes, tools and techniques of community organization practice and social	Understanding

	action.	
CO3	Acquiring abilities and skills, to critically analyze problems of communities.	Skill
CO4	Establishing and sustaining a working relationship with communities to help them to function better to achieve their goals.	Application

COURSE CONTENTS

SEMESTER -II					
Subject Code	Subject Title	Category			
		L	T	P	CREDITS
YSW201	HUMAN GROWTH AND PERSONALITY DEVELOPMENT	4	0	0	4

PREAMBLE

The course aims to introduce the learners to the development of the individual across the life span, in a system and an ecological perspective. It also provides an understanding of human development and behaviour, in contextual influences, including individuals in disadvantaged or special contexts. The theoretical inputs are to enhance the understanding of people's growth, health, and development at various stages as bio-psycho-socio-spiritual being over the life span.

COURSE OBJECTIVES

- To understand the elements of individual's heritage and environmental influences in growth and development..
- To enhance knowledge on growth and behaviour at various stages in the life span: infancy, childhood, adolescence, youth, adulthood and old age, and impact of cultural aspects.
- To develop sensitivity towards needs, developmental tasks and health status along with need for developmental programmes for the same
- To develop attitudes conducive to participatory activities for civil society.

COURSE OUTCOME

CO1	Understand the elements of individual's heritage and environmental influences in growth and development..	Understanding
CO2	Enhance knowledge on growth and behaviour at various stages in the life span: infancy, childhood, adolescence, youth,	Knowledge

	adulthood and old age.	
CO3	Acquiring abilities and skills, to critically analyze human growth and development, Attitude, Perception, Motivation and Learning , Intelligence and Personality, Adjustment.	Skill
CO4	Sustaining attitudes conducive to participatory activities for civil society.	Application

COURSE CONTENTS

UNIT – I

12 Hours

Psychology: Definition, Nature, branches and scope – Relevance of psychology for social workers - Application of Psychology in various fields – Special reference to social Psychology and its application.

UNIT – II

12 Hours

Human Growth and Development: Pregnancy and Child birth – Physical, Psychological and emotional aspects of Infants,, Babyhood, Childhood, Adolescent, Adulthood , Middle age and Old age.

UNIT – III

12 Hours

Intelligence and Personality: Definition and Nature of Intelligence – Measurement of I.Q. Personality: Definition and structure; Theories of personality: Trait and Type theories; important concepts of the contributions of Freud, Jung, Adler, Maslow and Erickson; Factors influencing personality Development: Heredity & Environment and Socialization process.

UNIT – IV

12 Hours

Attitude, Perception, Motivation and Learning: Definition, types; Theories of Pavlov and Skinner; Remembering and forgetting. Motivation: Concept of instinct: Motives for survival - Meaning and definition; types and characteristics of motives; Hierarchy of motives; conscious and unconscious motivation.

UNIT – V

12 Hours

Adjustment: Concepts of adjustment and maladjustment; Stress; Frustration; Conflict - nature and types - Coping Mechanisms and Defense Mechanisms .

SEMESTER -II						
Subject Code	Subject Title	Category				
		L	T	P	CREDITS	
YSW 202	SOCIAL WORK RESEARCH AND STATISTICS	4	0	0	4	

PREAMBLE

This course is to equip learners to utilize, and conduct research as service managers to improve services, evaluate, and develop new services and intervention methods: strategies and techniques and also, be an effective consumer of other researches.

COURSE OBJECTIVES

- To understand the scientific approach to human inquiry in comparison to the native or common sense approach in various aspects, of Social Work research process..
- To enhance knowledge conceptualization of a research strategy and problem; writing a research proposal; developing tools for collecting data; use of sampling, strategies; data collection, processing, presentation, analysis and interpretation; and writing research report etc.
- To develop an ability to see the linkages between practice, research, theory and
- their role in enriching one another. conceptualize, formulate and conduct simple research
- To develop attitudes conducive to participatory activities for civil society.

COURSE OUTCOME

CO1	Understand the scientific approach to human inquiry and Social Work research	Understanding
CO2	Enhance knowledge on conceptualization of a research strategy and problem; writing a research proposal; developing tools for collecting data; use of sampling, strategies; data collection, processing, presentation, analysis and interpretation; and writing research report.	Knowledge
CO3	Acquiring abilities and skills, for use of library and	Skill

	documentation services for research.	
CO4	Make informed assessment and judicious use and apply of research studies and findings towards the betterment of the society.	Application

COURSE CONTENTS

UNIT – I

12 Hours

Social Work Research: Meaning, definition, ethics, purpose of research, Social research and Social Work research. Scientific Method: Nature. Characteristics, purpose and steps in research process; Formulation of Research problems, Review of Literature.

UNIT – II

12 Hours

Research Design and Sampling: Types: Exploratory, Descriptive, Diagnostic and Experimental. Mixed Methods in research. Hypothesis: Sources, Formulation, Attributes of hypotheses and types. Sampling: Definition Principles, Types and procedures; population and Universe, measurement: Meaning, levels of measurement: Nominal ordinal, interval and ratio; validity and reliability: meaning and types.

UNIT – III

12 Hours

Sources and Methods of Data Collection: Sources: Primary and Secondary; Research tools : Observation and Survey methods, Interview guide, Interview schedule, questionnaire, FGD, Case Study. Pre-test and pilot study.

UNIT –IV

12 Hours

Preparation of Research Proposal: Format processing of Data, Code book, Transcription, tabulation, Diagrammatic representation of data. Interpretation and analysis, Discussion; Report writing and Referencing; Applications and Limitations of Research in Social Work.

UNIT – V

12 Hours

Social Statistics: Statistics: Meaning, use and its limitations in Social Work Research. Measures of Central' Tendency: Arithmetic Mean, Median and Mode Dispersion: Range, Quartile deviation, Standard deviation and Co-efficient of Variation. Tests of significance: "t" test and

chi-square and Correlation; Meaning, types and uses: Karl Pearson's Coefficient of Correlation and Spearman's Rank Correlation. Computer applications: Special reference to Statistical Package for Social Science (SPSS)

		L	T	P	CREDITS
YSW302B	URBAN COMMUNITY DEVELOPMENT	4	0	0	4

PREAMBLE

This course aims at introducing the learner of the programmes to urban social systems and the importance of social work practice with urban communities.

OBJECTIVES

- To understand Urban Social system and their problems and the change process in the community.
- To gain knowledge on the issues and their implications in the urban communities.
- To acquire the skills of intervention of community workers.
- Gain Knowledge about the application of Social Work in Urban Social systems.

COURSE OUTCOME

CO 1	Understand Urban Social system and their problems and the change process in the community.	Understanding
CO 2	To gain knowledge on the issues and their implications in the urban communities.	Knowledge
CO 3	To acquire the skills of intervention of community workers.	Skills
CO 4	Gain Knowledge about the application of Social Work in urban social systems.	Application

COURSE CONTENT

UNIT - I

12 Hours

Urban Community: Meaning, Characteristics, Rural- Urban Contrast. City- Meaning, Classification, Trends in Urbanization Process. Migration: Meaning types and Theories.

UNIT - II

12 Hours

Urbanization And Urbanism: Meaning, Theories of urbanization, Characteristics of urbanism, Slums: Definition, Approaches Theories and Classification and Culture of Slums. Urban Problems: Housing, Drug Addiction, Juvenile Delinquency, Prostitution, Pollution.

UNIT – III

12 Hours

Urban Community Development: Definition, Objectives and Historical Background; Approaches, Principles, Process and Methods of Urban Community Development, Welfare Extension Projects of center Social Welfare Board, Urban Development Planning: Legislation Relating to Urban Development (urban Land ceiling Act, Salient Features of 74th Amendment Town and Country Planning Act, Nagarpalika Act and Tamil Nadu Slum Clearance and Improvement Act) Community Planning and Community Participation.

UNIT – IV

12 Hours

Urban Development Administration: National, State, Local Levels; Structure and Function of Urban Development Agencies; Urban Services and Urban Deficiencies; Metropolitan Development Authorities, Housing and Urban Development Corporation (HUDCQ); Housing Board, Role of voluntary Agencies in Urban Development.

UNIT – V

12 Hours

Urban Development Programme: Five Year Plans and Urban Development: Madras Urban Development Projects (MUDP) I & II; Tamil Nadu Urban Development Project (TNUDP); Urban Basic Services Programme (UBSP), Nehru Rozgar Yojana (NRY). Tamil Nadu Slum Clearance Board, Problems in Implementation of Urban Community Development Programmes. Role of Community Development Worker-Application of Social Work Methods in Urban Development.

SEMESTER III					
Course Code	Course Title	Category			
		L	T	P	CREDITS
YSW303B	PROJECT MANAGEMENT	4	0	0	4

PREAMBLE

This course aims at to enable the students in order to plan, co-ordinate and control the complex and diverse activities of modern industrial and commercial projects. All projects share one common characteristic - the projection of ideas and activities into new endeavors

OBJECTIVES

- To acquire a theoretical frame of project preparation and its various stages in implementation.
- To enable the students to understand the PRA techniques in formulating a project proposal and to impart skills in participatory project planning.
- Develop a scientific research temperament in exploring the current trend emerging in the project preparation and implementation.
- Gain Knowledge about the resource mobilization and apply that in fund raising

COURSE OUTCOME

CO 1	To enable the students to understand the PRA techniques in formulating a project proposal and to impart skills in participatory project planning.	Understanding
CO 2	Develop a scientific research temperament in exploring the current trend emerging in the project preparation and implementation.	Knowledge
CO 3	To Acquire a theoretical frame of project preparation and its various stages in implementation.	Skills

CO 4	Gain Knowledge about the resource mobilization and apply that in fund raising.	Application
------	--	-------------

COURSE CONTENT

UNIT – I

12 Hours

Introduction to Project Management: Objectives, Scopes, Importance and Methodology. Micro and macro level Planning.

UNIT – II

12 Hours

Project Dimensions: Identification and formulation Details Project Report(DPP) Project Appraisal: technical, economic and financial feasibility.

UNIT – III

12 Hours

Planning and Management of Implementation of Projects: Project Cycle Management-Goal oriented programme planning-Log Frame, Resource Scheduling-Activity planning Network Analysis, Monitoring and evaluation; Programme Evaluation review Technique(PERT) and Critical path Method(CPM)

UNIT – IV

12 Hours

Participatory Management: PLA, RRA, Participatory Rural Appraisal(PRA), Participatory Learning action-Participatory evaluation. Proposal Writing-World Bank projects, ICSSR, Action AID.

UNIT – V

12 Hours

Resource Mobilization: Principles, Skills and Techniques in fund raising, Statutory Society and Trust; Foreign Contribution Regulation Act.Conventional methods and Contemporary techniques; Crowd Funding, Role of Corporate Funding for Development Organizations and Corporate Social Responsibility.

Total 60 Hours

ASSESSMENT OF SOCIAL WORK PRACTICUM

A viva-voce examination shall be conducted for each candidate in all semesters. The performance of the candidate shall only be assessed by a committee consisting of one faculty member of the Department of Social Work ,PMU and an external examiner. The number of such committees depends on the number of candidates. In case of colleges where MSW is being offered, a qualified faculty member (who has passed UGC NET or has Doctoral Degree in Social Work) will be an additional examiner to the two member committee mentioned above for that college only. In case of non-availability of a qualified teacher, the two-member committee constituted for viva-voce examination will stand.
